

# Should I major in Biochemistry or Chemistry?

*Please join the discussion with current students, former graduates, and faculty on*

**Wednesday, February 12, Noon – 1 PM  
BH 1214**

- *Former graduates (M. Carroll, E. Edelstein) will join us to share their experiences – how the major prepared them to attend medical school, dental school, graduate school.*
- *Current students will describe how they made the decision to choose the major*
- *Electives offered by the department – suitable even if you are a Biology major!*
- *Research opportunities – Honors thesis*

**Pizza Will be Served!**
